Eye Liner Stickers	Beauty Accessories	Beauty Accessories	Black Band Eyelash

**Application and care instructions enclosed.**

1. Check fit: Trim the outer corner of the lash strip to fit your eyes if needed.  
2. Apply adhesive: Apply a few drops of eyelash adhesive to the eyelash band and wait 20-30 seconds for the eyelash adhesive to become sticky.  
3. Place lash: Look down into a mirror and hold the lash as closely as possible to the natural lash line.  
4. Inserting: Press gently across the entire lash using a cotton bud holding at the ends for a few seconds until the adhesive dries completely. Ensure that the lashes fit above your natural lashes, not directly on them.
